

SHARPE RE-ELECTED

MAYOR OF WINNIPEG

The Policy of Segregation the Issue—
Clergy Took a Hand in the Contest

Winnipeg, Dec. 12.—Mayor Sharpe was elected by the tremendous majority of 1,119 out of a total vote polled of 6,263 over ex-Mayor Arthabart. The latter candidate came into the contest late and did not put up such a strong battle as his opponent who was most energetic. The fight centred on the policy of segregation. The ministerial association took an emphatic stand against the recognition of the houses of ill fame. Arthabart published a remarkable document giving figures supplied him by the police, showing that during Sharpe's regime the number of houses had quadrupled themselves since segregation was abolished. He advocated that the system be re-established. The clergy, however, refused to recognize the evil and the people apparently agreed with them. A number of houses were "padded" the night before the election. Both candidates were men of good standing and well off. Both were Independent Conservatives and old line politics did not enter into the contest.

The six new aldermen elected are: Ward 1, Chris Campbell, re-elected; (2) Capt. Wynne, re-elected; (3) A. H. Fulford; (4) A. T. Davidson; (5) A. A. McArthur; (6) E. J. Cox, re-elected.

By-laws for issuing debentures for a civic gas plant to cost \$500,000 and for an appropriation of \$150,000 for a hospital carried.

SHORT AFTERNOON SESSION

The tariff commission held a short session after lunch yesterday, and heard R. Montgomery, who is a coal dealer and farmer. He was in favor of higher protection on all articles produced in Canada.

R. Kenneth, of the Edmonton Tent and Mattress Co., had heard that the cotton dealers in the east were asking for increased duty on cotton. He did not wish to see an increase in the duty on cotton, as cotton was the raw material used by him, but if an increase was put on, he would like to see an increase of duty on finished products.

As there were no others who wished to appear, before the commission the session broke up. Hon. Mr. Fielding said that the commission would give their best consideration to the representations of the gentlemen who had come before them. He also thanked the city officials for their kindness to them while in Edmonton.

GRAND CONCERT TONIGHT

Watkins Mills English quartette appear in McDougall church tonight and tomorrow night. Referring to concert given by them in Calgary Monday evening the Albertan says: "The program was long and many of the numbers were encored but with such charming artists the time went all too fast. Mr. Mills' songs were all in a humorous vein and no one can give better justice although one longed to hear him in his splendid rendition of 'Honor and Arms' or other oratorio work. His dramatic duet with Mr. Harold Wilde began the program and his 'I am a Roamer'—Mendelssohn—followed by the encore—'Peripatetic'—literally brought down the house. 'The Trumpeter,' now gay, now sad, was very fine. 'The Wedding of Shon MacLean,' with its decidedly 'Hieland' sentiment, to say nothing of its taste of 'mountain dew' was sung with feeling.

"Miss Edith Kirkwood possesses a fine soprano voice, and a good presence and enunciation, as indeed, they all do. Her 'April Moon' a very florid style of song, full of trills and runs, was well liked and her Irish song 'The Ninepenny Fiddle' was encored.

Miss Gertrude Lonsdale, who has a glorious contralto voice, charmed her hearers with her aria from 'Samson and Delilah' and her 'Come Close Beloved,' gained a well deserved encore.

"Mr. Harold Wilde sang 'Lend Me Your Aid,' 'Gounod,' and Blumenthal's 'Evening Song,' the latter utilizing his fine voice—a tenor—much the better and being encored. Gave 'The Little Irish Girl' very well indeed.

Mr. Farlow's cello in his accompaniments, which are indeed beautifully and systematically played, though his solos were well liked also.

NEW FREIGHT TARIFF

TAKES EFFECT NEXT MONDAY

American Lines Announce Through Rates to Edmonton Over the C. N. R.

St. Paul, Minn., Dec. 12.—The Northern Pacific and Great Northern will each put into effect next Monday a through tariff from St. Paul, Minneapolis, and Duluth by way of the Canadian Northern to Edmonton and Strathcona on the Canadian Northern's fastest extension westward. The rates will be in the respective classes of freight, One, \$2.84; Two, \$2.40; Three, \$1.91; Four, \$1.44; Five, \$1.25; A, \$1.13; B, 85c; C, C, 75c; C, D, 68c; C, E, 64c, subject to rules of western classification. The rates named are much lower than the present rates by way of the Soo line and the Canadian Pacific, both of which will no doubt meet the situation promptly. No change has been announced in passenger fares yet.

RAILWAY NOTES

Telegraphic service has been established on the C. N. R. between Edmonton and points east. A wire was brought into the station on Saturday and on Monday a box car was fitted up at the west end of the station platform, for the use of the operators. A night and day service has been established, and commercial messages are now being received and delivered. A telephone is being installed in the car today and also a counter. Superintendent Pace will have a temporary office in the car until the station is completed, which will be in a month's time.

A regular through passenger train service will commence next week. The first train will leave on Sunday at midnight and will arrive in Winnipeg at 1.30 Tuesday afternoon. There will be three trains a week from Edmonton. A time-table will be issued in a few days.

General Superintendent Brown left in his official car for Winnipeg yesterday afternoon at 5 o'clock.

General offices and ticket offices will be opened on the first train of McDougall & Scott's new building, next the Bank of Montreal, as soon as the building is completed.

A passenger train is expected to arrive today from the east and will likely leave again at 6.30 tomorrow morning.

A great quantity of freight is being handled over the line, and on the sidings in the yards are long strings of freight cars waiting to be unloaded.

PERSONAL

J. P. Marcellus, M.P.P., came in from Picher Creek yesterday.

Mrs. H. McJannet (nee Miss Margaret Livingstone) will receive the 2nd and 3rd Thursdays at her home, Elizabeth street, east.

DUKE OF CONNAUGHT

WILL VISIT CANADA SOON

Returning from a Special Mission from King Edward to the Emperor of Japan

Ottawa, Dec. 12.—Prince Arthur, Duke of Connaught will visit Canada very soon. The Prince is on his way to Japan on a mission from King Edward to deliver to his Imperial Majesty the Emperor of Japan the insignia of the garter. The Prince will return by way of Canada. The Dominion Government sent an invitation to His Royal Highness to visit Canada. A cable has been received from the Colonial office accepting the invitation. The Prince will be accompanied by about fifteen of a staff. Arrangements for receiving the Prince are not yet made, but it is understood that a special train will be waiting at Vancouver to convey the party to Halifax. The party will include Lord Breckinridge, Sir Edward H. Seymour, General Sir T. Kelly-Kenny, Col. A. Davidson, Capt. Wyndham, A. Lupton, Sir Edward Seymour is admiral of the fleet and General Kenny's name was prominent at the time of the South African war.

ELECTION RETURNS TONIGHT

The returns of the Saskatchewan elections will be received in the Young Liberal Club rooms this evening. The first returns should be received about seven o'clock.

THE FARMER AND THE TARIFF

Continued from page two

adman manufacturers to accept a reasonable margin of profit on the high grade lines, on which they are now keeping up the price by combination and restriction of competition.

It is considered that the duty of 35 per cent on shovels and spades, forks, etc., should be reduced. As in the case of stoves and ranges, the manufacturers of farm tools are raising their prices above the limit intended by the amount of protection afforded by the 35 per cent duty. This is done by selling under certain conditions, the lines most largely used at a price slightly lower than U. S. goods, and bought in after paying the duty, and advancing the price for the less used lines to a point out of all proportion to the cost of the goods.

We have it on the direct authority of a house dealing very largely in these goods, that in order to get such prices on those tools most commonly in demand as will enable them to do business on a satisfactory basis, they have entered into a hard and fast contract by which they will not buy any of these tools from others than certain specified concerns, presumably to members of the trust. If they break that contract they forfeit certain export duties, or rebates which are withheld. This forces them to submit to the exorbitant prices charged on the other lines, which could be brought much cheaper from the U. S.

Unfortunately, the fear of offending these trusts, and having their special terms withdrawn, is such that firms who are so much preferred list do not care to appear voluntarily before the commission, and tell what they think of the workings of the various combinations in restriction of competition. It would require a different form of enquiry, under which parties could be required to give evidence, to elicit such information.

SOCIETY OF EQUITY

The following memorial was presented by the Society of Equity: "At a meeting of delegates of the C. S. of E., representing several hundred organized farmers, the following resolutions were passed: "Whereas the farmers of this portion of Alberta are in competition with the farmers of all other parts of the world in sale of all farm products and whereas we understand the Government has been approached by deputations from other interests asking that the tariff be raised on nearly all necessities, and

"Whereas we are of opinion that the working of the present tariff is altogether unfair to the farming interests, having the effect of raising the price of nearly everything the farmer purchases, and but little effect in raising the price of the products he has to sell, and

"Whereas we believe the manufacturers of eastern Canada under our high tariff have for many years been using our country in the west as a purchasing preserve for their products and obliging us to pay more for their goods than the same articles are supplied to farmers in other countries, thus unjustly extorting our labor and money from us,

"We therefore protest against the continuance of the high tariff being the policy of our Government as being unjust and unjust to the farming interests and we therefore ask relief from this by a general reduction of the tariff whereby the working of the same may be made more just and equitable.

"Especially we would ask that the tariff on all agricultural implements be reduced.

"We also wish to protest against an increase in tariff on lumber as asked by those in the lumber business, as this is a most necessary article for settlers on these prairies and any increase in price would have the effect of entailing hardship on the settlers generally.

"Understanding that the fruit growers ask an increase in the tariff so that the price of fruit may be raised to the farmers of this north-west, we also wish to strongly protest against any such raise, as we are of the opinion that the fruit are of the opinion that the fruit growers have already a first class market here and fruit being necessary to the health and sustenance of the inhabitants of this country, we feel that the cost thereof to the people should not be raised."

TENDERS FOR A PERMIT TO CUT TIMBER ON SCHOOL LANDS IN THE PROVINCE OF ALBERTA

SEALED TENDERS addressed to the undersigned and marked on the envelope "Tender for Timber Berth No. 33, School Lands" will be received at this department until noon on Tuesday, the second day of January, 1906, for a permit to cut timber on Berth No. 33, comprising School Section 11, in Township 56, Range 4, west of the fifth Principal Meridian.

The regulations under which a permit will be issued, also printed form of tender, may be obtained at this Department, or at the office of the Crown Timber Agent at Edmonton. Each tender must be accompanied by an accepted cheque on a chartered bank in favour of the Deputy Minister of the Interior, for the amount of the bonus which the applicant is prepared to pay for a permit in addition to the regular dues.

It will be necessary for the person whose tender is accepted, to obtain a permit within sixty days from the second day of January, 1906, and to pay twenty per cent. of the value of the timber to be cut under such permit, otherwise the berth will be cancelled.

No tender by telegraph will be entertained. Rental at license rates will be charged if the berth is not operated continuously.

HOCKEY

The first practice of the senior and junior hockey teams was held Monday night in the Thistle rink. There was a good turnout of the boys, and they had an hour or two of good hard practice. Nearly all of last year's teams turned out, and there were three new players for the senior team. Anytime, who played in Nelson last year, Campbell, who comes from Collingwood, and Dobson, of Strathcona's last year team, are all strong players, and will likely be with the senior team this season. The seniors lined up against the juniors last night as follows:

LIBEL SUIT IN SASKATCHEWAN

Premier Scott has brought a charge of criminal libel against J. K. McInnis of the Regina Standard.

The article which caused the action follows:

"That upon either one of the said days, at or about said hour, the said Honorable Walter Scott came to my said office and after discussing the political situation with me for some time during which discussion he attempted to persuade me to abandon the views I then entertained, and still entertain, on the question of provincial rights, he stated that if he should be named in the forthcoming provincial election and confirmed in the premiership of the province of Saskatchewan, he was in a position to promise me positively on his word of honor, that I would be paid twelve thousand dollars for certain property or rights, I then owned and still own."

"That the property then referred to by Hon. Walter Scott cost me less than one thousand dollars, and I estimate the present value of the same at about two thousand dollars, meaning thereby that on the 17th or 18th day of October, 1905, he said Walter Scott had attempted to bribe me, the said J. K. McInnis, by offering him the said J. K. McInnis, on the condition that the said J. K. McInnis would support the said Walter Scott in the pending elections the sum of twelve thousand dollars for a property worth two thousand dollars, he said J. K. McInnis when he published the said defamatory matter well knowing the same to be false."

C. N. R. EXCURSIONS

The C. N. R. have issued the following circular regarding the December excursions to the east:

Commencing December 4th, and including December 31, 1905, the Canadian Northern Railway will sell excursion tickets to Eastern Canada at the rate of \$40 from all stations on its lines, Dauphin and south, to points in the provinces of Ontario and Quebec, Montreal and west, except that no tickets will be sold to points west of Pembroke, or Madawaska, Ont., or north of Gravenhurst, Ont.

By virtue of a Writ of Execution issued out of the Supreme Court of the Northwest Territories, Northern Alberta Judicial District, at the suit of The Imperial Bank of Canada, Plaintiff, and Charlotte Twyford and Hugh A. W. Twyford, Defendant, and to me directed against the Lands of Charlotte Twyford and Hugh A. W. Twyford, I have seized and taken into Execution the following Lands, namely:

SAMPLES OF CHOICE GRAIN FOR SEED

To the Editor of the Bulletin:
Dear Sir:

By instruction of the Hon. Minister of Agriculture another distribution will be made this season of samples of the most productive sorts of grain to Canadian farmers for the improvement of seed. The stock for distribution is of the very best and has been secured mainly from the excellent crop recently had at the branch experimental farms at Indian Head, Sask., and at Brandon, Man. The distribution this spring will consist of samples of oats, spring wheat, barley, Indian corn (for ensilage only) and potatoes. The quantity of oats to be sent out this year will be 4 lbs. and of wheat or barley 5 lbs. sufficient in each case to sow one-twentieth of an acre. The samples of Indian corn and potatoes will weigh 3 lbs. as heretofore. A quantity of each of the following varieties has been secured for this distribution—

Oats—Banner, Wide-Awake, Abundance, Thousand Dollar, Improved Ligowo, Godfinder and Waverley.

Wheat—Preston, Red Eye, Percy, Stanley, Huron, Laurel and White Eye.

Barley—Six-rowed, Monstrous, Odesse, Mansfield, Canada and Royal. Two-rowed, Stanwell, Invincible Canadian Thorpe and Sidney.

Indian Corn (for ensilage)—Early sorts, Angel of Midnight, Compton's Early and Longfellow; later varieties, Selected Learning, Early Mastodon and White Cap Yellow Dent.

Potatoes—Chirman No. 1, Early White Prince, Rochester, Rose, Uncle Sam, American Wonder, Bovee, Early Andes and Late Puritan.

Every farmer may apply, but only one sample can be sent to each applicant, hence if an individual received a sample of oats he cannot also receive one of wheat, barley or potatoes. Lists of names from one individual, or applications for more than one sample for one household cannot be entertained. These samples will be sent free of charge through the mail.

Applications should be addressed to the Director of Experimental Farms, Ottawa, and may be sent in any time before the 1st of March, after which the lists will be closed, so that all the samples asked for may be sent out in good time for sowing. Parties writing should mention the sort or variety they would prefer, with a second sort as an alternative, and should the available stock of both these varieties be exhausted, some other good sort will be sent instead. Those applying for Indian corn or potatoes will please bear in mind that the corn is not available for distribution until March or April, and that potatoes cannot be mailed from here until danger from frost in transit is over. No postage is required on mail matter addressed to the Central Experimental Farm, Ottawa.

W.M. SAUNDERS,
Director Experimental Farms,
Ottawa, November 25, 1905.

MAMMOTH REMAINS FOUND

While on a hunting trip a few days ago, H. A. Crofton of Calgary came across some fossilized remains of what appears to be an antediluvian animal of immense proportions. The find was made in Dead Lodge Canyon, where Mr. Crofton noticed some bones of a peculiar size projecting from a cut bank. Investigation showed them to be embedded in a sandstone formation and it was necessary to obtain tools and do a considerable amount of digging before even a portion of them was uncovered.

As the workmen progressed with their work of unearthing the skeleton their natural inquisitiveness turned to amazement as the size of the remains developed to mammoth proportions. According to reports which have been received, the backbone is as large as a man's body and the portion of it already exposed is seven feet long. Attached to the vertebrae are eight ribs of enormous size, measuring three or four feet in length, some of them being a foot or more in width.

So far the bones discovered are broken, but they can easily be fitted together, judging from appearance, one of the pieces found is a portion of the tail of the animal, as it tapers. It is four inches in diameter at the smallest end. Through the centre is an opening which possibly contained the spinal cord. Another bone, which is also broken, has the appearance of having been joined with one of the joints. One large piece, the portion of which is shown, looks as though it had been a foot at one time.

Dead Lodge Canyon, where the discovery was made is one of the most interesting places in the Canadian Northwest. It is situated some 25 miles northwest of Bantry, on the main line of the Canadian Pacific railway, and is its nearest point to a railway.

SEED SELECTION

The Manitoba department of agriculture has issued the following circular:

"Two samples of oats are here shown in glass bottles—one is plump, black and vigorous looking, a good sample; the other is light brown with a few black specimens scattered through it, all thin and tough looking, apparently nearly all hull—little better than wild oats. Two samples of oats more different in appearance and value it would be difficult to find. These two samples are the same variety of oats, just as they were grown without picking or cleaning. Not only are they the same variety, but they were grown the same season, within ten feet of one another. These two samples are both 'Joanette' oats—the black, strong, plump sample weighs 35 lbs per measured bushel, and yielded 94 bushels to the acre; the other weighs 24 lbs per bushel and yielded 67 bushels to the acre. These samples must be remembered when growing the same year and on the same farm. What makes this difference in appearance and value? It is simply a case of selection."

"The Joanette oat is one of the best varieties ever introduced in the West, but in many localities it no longer gives satisfactory returns on account of being badly run out. This is due to lack of proper selection of seed growing on poorly prepared soil, and late sowing. In order to keep up the quality of a good variety of oats we must use the very best seed every year. It must be sown early on good land, allowed to ripen properly, and be threshed and stored when thoroughly dry. Good results do not necessarily follow the use of a variety with a good name. It is just as necessary to know whether, through proper care and selection it is a strain capable of producing a heavy crop. In order to grow the crop of oats which yielded this year 130 bushels per acre at the Experimental Farm at Brandon, Superintendent Bedford had to select the very best seed for a number of years."

"The sample of Joanette oats referred to above, which yielded 94 bushels per acre and weighed 35 lbs per bushel was grown from heavy, dark plump seed; for twelve years in succession only the best seed was sown. The other sample was produced by selecting in twelve years in succession, seed light in weight and color with the result that every year the crop has been getting smaller and the quality of the grain poorer. Could anything be more convincing as an illustration of the importance of selecting every year, only seed, plump, vigorous seed and discarding all that is undesirable. Seeding is believing, and anyone who would not be convinced of the benefits of seed selection after examining two such samples as these must indeed be beyond conviction."

"The seed and seed special trains that are to be run over the Canadian Northern and Canadian Pacific Railways this winter will be furnished with illustrations such as the one described above by Mr. James Murray. Not only will seed selection be discussed in all its phases, but the necessity of treating seeds to prevent smut will also be dealt with, as well as the eradication and control of wild oats, mustard and other noxious weeds. Every effort is being exerted to make this train of practical use to every farmer. Mr. R. S. A. Bedford is fitting up cars at Brandon to illustrate seed selection, choice of varieties and will show specimens of all noxious weeds. The eradication of this will be discussed by Dr. Fletcher, the weed man from Ottawa, who is well and favorably known throughout the West. The other subjects will be handled by the best talent that the Department of Agriculture can procure. Stops of an hour and a half will be made at each station, and as the trains will run on time, punctuality is all important."

DISSOLUTION OF PARTNERSHIP
Notice is hereby given that the partnership heretofore existing between George Robertson and Edward Robertson, under the firm name of Robertson Brothers, has this day been dissolved by mutual consent. All accounts must be paid to George Robertson, who assumes all legal indebtedness of the firm.

Signed—

DEAL COMPLETED

WINDSOR BUSINESS PURCHASED

Messrs York and Secord yesterday purchased the Stock, Goodwill and Unexpired Lease

A deal was consummated yesterday by which the purchase was completed of the Windsor Hotel business, formerly conducted by Laurence & Corriveau. The purchasers are Messrs. York and Secord. Until a week ago, when it was bought by Messrs. York and Secord, the Windsor Hotel, property was owned by Leon Bureau, of Paris, who built it a little over three years ago and leased it to Laurence & Corriveau, at which was then considered a tidy interest on the investment. The transfer of the site and building to York & Secord was for \$70,000 cash.

The deal completed yesterday was for the stock, furniture, goodwill and the unexpired balance of seven years on a lease originally made out for ten years. The price paid was \$12,000 cash, making \$112,000 altogether for the property. When spoken to by the Bulletin today Mr. York said that he and Mr. Secord had not decided what their future plans would be. At present they are running the hotel themselves, but have had a dozen handsome offers to lease and one or two offers of purchase. He did not know whether they would sell, lease, or continue to conduct the business themselves.

The property in question consists of two lots with a frontage of 50 feet on Jasper avenue and 100 feet on First street. The hotel is three stories high, 50 feet frontage, and including the sample rooms in the rear, is the full depth of the lots. The Windsor Hotel is considered one of the most desirable business properties in the Northwest Territories today, and forms a very fair criterion by which to estimate values in Edmonton.

LOCAL

The Cooking Lake Bachelors Association will hold their annual at home at Cooking Lake on Wednesday, Jan. 10th.

Mrs. St. Germain's property on First street, near Alberta College, was sold yesterday for \$8,500 by A. B. Voyer.

The Royal Templars annual election of officers will be held tomorrow evening, 14th inst. A full attendance is requested.

Watkin Mills and his quartette arrived in the city last night and are registered at the Alberta. They sing in McDougall church tonight.

The election returns of the Saskatchewan elections will be received at the Liberal club rooms tonight. Everybody is welcome. The returns will probably begin to come in at 7.

The band was in attendance at the Thistle rink last evening and there was a large crowd of skaters present. Tuesday evening of each week will this season be band night at the rink.

The large addition to the Richardson hotel is going ahead rapidly. The frame work is completed and bricklayers are at work veneering the building.

Melntosh and Campbell expect to open up in their new quarters in the Empire block on Saturday. Their new store is a handsome one and considerably larger than their present one. A freight elevator connects the store with the top flat of the building which will be utilized by Melntosh & Campbell as storing quarters.

The bazaar held in the lecture room of Grace Methodist church, under the auspices of the Ladies Aid yesterday afternoon and evening was

most successful. There was a large sale of fancy work, and a good sum realized for church purposes. Tea was served from 5 to 7 o'clock, and everybody spent a pleasant time.

The Imperial Service Medal Association of Alberta, held their annual dinner at the Grandview hotel, Edmonton, on Thursday, Dec. 28th, at 8 o'clock. A man holding an Imperial Service Medal in his own right is eligible for membership in the association invited to the dinner. Please notify the secretary, Will Godwin, Strathcona, intending to be present.

The official government car containing the members of the tariff commission and their party, was attached to a passenger train which left at 5 o'clock yesterday afternoon from the C. N. R. station. The party go east to Warman junction over the C. N. R., where a special will meet them and convey them to Prince Albert. The commission will sit at Prince Albert tomorrow.

The monthly social under the auspices of the ladies of St. Joachim's church was held last evening in Robertson's Hall. A very pleasant evening was spent in cards and social intercourse. Refreshments were served.

A feature of the evening was an exhibition of fencing with swords and rapiers, by Sergeant-Major R. E. Brutinel and M. Darrigen. This was enjoyed greatly by those present. Sergeant-Major Brutinel has opened a fencing school in the city in company with Arthur Hopkins, formerly of the Mounted Police. M. Brutinel was formerly of the French army and is a master of the art of fencing.
